Dear Colleagues,

As you know, we will celebrate the successes of the Summer Academy on October 12 between 12:00 PM - 2:00 PM. The president, the provost, and many deans (all are invited) will attend the celebration. We thought we would ask two Faculty Scholars and two Scholar Coaches to make a few short remarks. Please accept the invitation and request to share your thoughts about what made the Summer Academy special for you. Leaders in the central administration and in the colleges have heard secondhand about the Summer Academy, but you will have the opportunity to help them feel its impact.

Each of your remarks should only be 3 - 4 minutes. Please confirm as soon as you can.

Best regards,

Rubin
