**Evidence of Participation of Professional Development**

**National Association of Black Journalists 2015 Convention and Career Fair - Minneapolis, MN - August 2015**

I am committed to attending the national conventions sponsored by the National Association of Black Journalists. I attend workshops where I learn about challenges facing journalists as well as technologies that can assist in my lectures and research. The professional conferences also provide camaraderie for fellow scholars and journalists. I have also taken on leadership roles at the conventions.
